

# The PREZODE's first two programmes

Manon Lounnas  
*MIVEGEC General Assembly*  
*October 20, 2022*

# Implication of MIVEGEC in the Initiative

Interim secretariat and science working group: Benjamin Roche

Manon Lounnas

Regional focal points:

South and East Africa  
Eve Miguel

Southeast Asia  
Anne-Laure Banuls

Latin America & Caribbean  
Julio Benavides  
*International Science WG*

Indian Ocean  
Andres Garchitorena

# PEPR PREZODE – 30 M€

*Programme et Équipement Prioritaire de Recherche*

**Work package 1:** Links between **human activity** and **zoonotic emergence and re-emergence** ->  
**AAP – 9 M€**

**Work package 2:** Sustainable strategies to prevent zoonoses emergences relying on innovative approaches based on **ecosystem management and/or wildlife/livestock contact reduction** (e.g. adapted biosecurity approach such impact of free-range breeding on potential emergence due to contact with wildlife). -> **AAP – 8 M€**

**Work package 3:** Innovative methods to **improve surveillance of pathogens** and national and regional networks for **epidemiological surveillance in animals and at the animal/human interface** -> **AAP – 8 M€**

**Work package 4:** Strengthening French capacities to detect and study potential zoonotic pathogens from wildlife, domestic animals and environmental samples -> **AMI/Équipement – 3 M€**

**Work package 5:** Scientific coordination on zoonosis emergence prevention at national and international scale -> **Administrative coordination IRD – 2 M€**

PEPR MIE – 80 M€

Data management

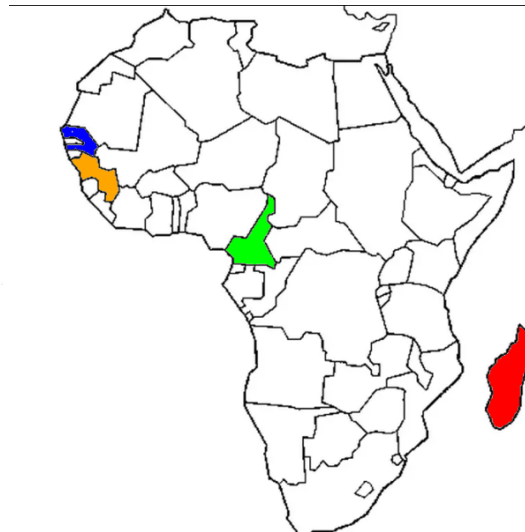

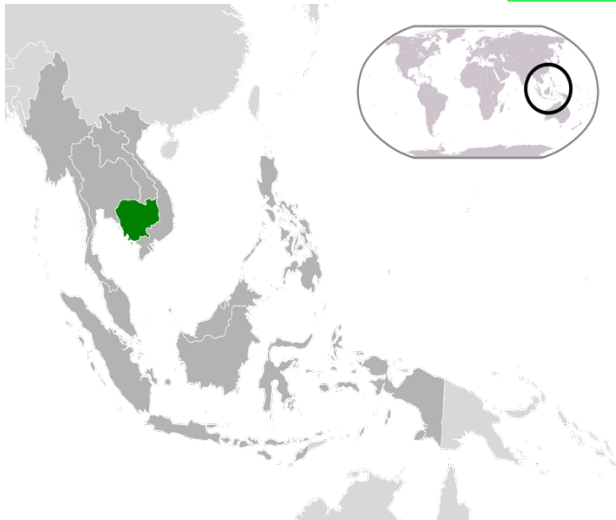

# AFD/PREZODE Operational program – 30 M€

- **3 projects of 10 M€**
- **1<sup>st</sup> project: AFRICAM** - Support and strengthen the implementation of sustainable prevention solutions adapted to local contexts and environmental, climatic and social changes through a One Health approach
  - 5 countries: **Cambodia, Cameroon, Guinea, Madagascar & Senegal**

Anne-Laure Banuls (EPATH)  
Mallorie Hide (EPATH)

Isabelle Morlais (ESV)  
Christophe Paupy (ESV)  
Dorothe Missé (EDIFICE)

Andres Garchitorena (PEEC)

## Global coordination

- Benjamin Roche (PEEC)

## Scientific animation and support

- Manon Lounnas (PEEC)

# AFD/PREZODE Operational program – 30 M€

- **3 projects of 10 M€**
- **1<sup>st</sup> project: AFRICAM** - Support and strengthen the implementation of sustainable prevention solutions adapted to local contexts and environmental, climatic and social changes through a One Health approach
- **2<sup>d</sup> project** – Lead IRD – List of countries under discussion – June 2023
- **3<sup>rd</sup> project** – Lead CIRAD – December 2023

Preventing zoonotic  
disease emergence
